

NEW MEXICO TOWNS

CRIPPLE SCHOOLS IN

SIERRA COUNTY

The last legislature passed a law prohibiting the sale of liquor in villages of less than 100 population, and under its operation new licenses cannot be issued in such localities, says the Hillsboro Advocate.

From a prohibition point of view, the law may have some good features but its effect upon the schools in the rural districts is decidedly disastrous. It is a well known fact that the revenue provided for a maintenance of such schools comes mainly from liquor licenses granted to retail liquor dealers in such localities, and to cut out the licenses will leave many school districts without the means to keep up their schools. In Sierra county, nine out of seventeen licenses will be cut out, and the school districts most seriously affected are Chiricahua, Fairview, Engle, Shandon, Andrews and Deming. These districts will be hard hit, with two or three others in doubt as to population. Had the late legislature paid more attention to educational matters, instead of extravagantly creating new offices and additional salaries, the members of that body would have received the thanks and appreciation of all of the people of New Mexico. At this period education stands first, and the tolling bread winner and tax payer, will, if necessary, pay, without grumbling, an excessive tax for school purposes, and to cut off the principal sources of revenue without making any provision whatever for the loss, is an unpardonable act on the part of the legislature, and we hope the next legislature will remedy the new inadequate financial resources of the common schools in the territory.

HILLSBORO

From the Advocate.

J. W. Zollars, president of the Sierra County bank, left for California. Mr. and Mrs. Thomas Murphy left for California and the Portland exposition.

A big flood came down South Picher Friday evening. The new dyke protected the town from being badly flooded. At Kingston, Charles West's barn and another building were washed away. A. J. Hager's saw mill near Kingston was washed out and 10,000 feet of lumber carried away.

County Clerk Webster is busy these days making description and maps of all water rights in Sierra county. He is doing this in compliance with a law passed by the last legislature. When the work is completed the matter will be sent to the territorial engineer. The work will cost the county in the neighborhood of \$300.

SOCORRO

From the Chieftain.

It is reported that the Graphic mine has put on twenty-five additional men this week.

The epidemic of fever in the Kelly camp still continues. The fever has proved fatal in many cases.

Two of the Sisters of Loretto from Mt. Carmel convent, will be employed as teachers in the public schools of the city this year.

R. G. Futner, of Fairview, a recently appointed member of the mounted police force, has been in the city for several days. Mr. Putman expects to make Socorro his home for himself and family in the near future.

J. J. Leeson has returned from Magdalena. Mr. Leeson says that he found his mine, the St. Vincent, which had a 187-foot shaft, a 90-foot drift, and two cross-cuts, filled to the brim with dirt, cross ties and weeds, by the cloudburst of three weeks ago.

ESTANCIA

From the News.

Mrs. J. D. Lagado and daughter, Flora, went to Santa Fe Wednesday, from where they will go to Velarde to visit the former's mother.

W. A. Skinner, United States sheep inspector, spent a couple of days in town last week, attending to the shipping of fourteen cars of sheep to Snyder & Rondiger at Fort Morgan, Colo.

Mrs. Spencer is very ill at the home of her son, B. B. Spencer, at Eastview. Her recovery is very much doubted on account of her advanced age, she being in her 83d year.

It was a splendid rain which fell over the valley the other afternoon.

MENTAL ACCURACY.

Greatly Improved by Leaving Off Coffee.

The manager of an extensive creamery in Wisconsin states that while a regular coffee drinker, he found it injurious to his health and a hindrance to the performance of his business duties.

"I cannot say," he continues, "that I ever used coffee to excess, but I know that it did me harm, especially during the last few years."

"It impaired my digestion and gave me a distressing sense of fullness in the region of the stomach, causing a most painful and disquieting palpitation of the heart, and what is worse, it muddled my mental faculties, so as to seriously injure my business efficiency."

"I concluded about eight months ago that something would have to be done. I quit the use of the old kind of coffee, short cut, and began to drink Postum Food Coffee. The food didn't make it right at first—he did not bolt it long enough, and I did not find it palatable and quit using it and went back to the old kind of coffee and to the stomach trouble again. Then my wife took the matter in hand and by following the directions on the box, faithfully, she had me drinking Postum for several days before I knew it. When I happened to remark that I was feeling much better than I had for a long time, she told me that I had been drinking Postum, and that accounted for it. Now we have no other kind of coffee on our table."

"My digestion has been perfectly restored, and with this improvement has come relief from the oppressive sense of fullness and palpitation of the heart that used to bother me so, and I note such a gain in mental strength and alertness that I can attend to my office work with ease and pleasure and without making the mistakes that were so annoying to me while I was using the old kind of coffee."

"Postum Food Coffee is the greatest table drink of the times, in my humble estimation." Name given by Postum Co., Battle Creek, Mich.

There's a reason.

THE SCHOOLS OF

SOCORRO COUNTY

Here are a few important facts concerning Socorro county's public schools, that every good citizen ought to bear in mind, says the Chieftain:

The school census for the year ending July 1, 1905, showed 4,540 school children in the county. The total enrollment for the year was 2,043, or less than 50 per cent, and the average attendance was only 1,195. The total enrollment in the schools of the city of Socorro was 296, and the average attendance 156, a trifle over 50 per cent.

The total revenue for school purposes for the year was \$8,369.14. Of this sum, \$3,003.60 came from apportionments; \$1,151.10 from poll tax; \$1,000.44 from school levies, and \$32,173.90 from liquor and gambling licenses. The balance on hand, July 1, 1905, was \$3,468.23. The balance on hand in the school fund of the city of Socorro on the same date was \$1,096.46.

DEMING.

From the Headlight.

Mrs. J. D. Pease, who has been very sick for the past two weeks, is improving.

Miss Barbara Rathel is now on her way home, and has stopped off in St. Louis for a few days. She will be home about the first of the month.

Rev. F. H. Richardson and family recently arrived in Deming from Huron, S. D. Mr. Richardson will have charge of the Baptist church work in this city. Mr. Armstrong, who has been in charge of this congregation, will devote his entire time to the church at Silver City.

The many friends of Dr. and Mrs. J. G. Moir were pleased to welcome them home again last Friday, after an absence of nearly two months in Chicago. Mrs. Moir has a brother and other relatives living in that great city, which made their visit there all the more pleasant. While the doctor was very busy all the time with his course at the post graduate medical college and hospital of Chicago, taking medical instructions in all up to date medical work, especially diseases of the eye and glass fitting.

SANTA FE

From the New Mexican.

Mr. and Mrs. George Bowen and daughter, of Albuquerque, arrived in the city and are guests at the sanitarium.

Miss Ida Astler, sister of Charles W. Astler and Dr. G. H. Astler, of this city, arrived from Cincinnati. Miss Astler will make Santa Fe her future home.

Edward C. Tafuya, formerly of this city, but now of Jerome, Ariz., arrived in Santa Fe. He will remain here for about two weeks, and will then take his family to their new home in the sister territory.

Twenty-four Indian boys, pupils at the United States Indian training school, who have for the past two months been at work in the sugar beet fields in the vicinity of Rocky Ford, will reach Santa Fe this evening. The boys will return with about \$1,200 to \$1,500 in wages, made during the time they worked in Colorado.

Tuesday, a party composed of Mrs. Baer and daughter, of Boston, Mass., Miss Beatrice Hild and Miss Ruth Hild, of Albuquerque, and Mrs. Massie, Miss Massie, Miss Staab and Dr. C. D. Jeffries, of this city, spent the day picnicking at the mill of the Yellow Pine Lumber company in the Tesuque canyon. Appropriate refreshments were taken and a delightful time was had.

LAS VEGAS

From the Optic.

Charles Tamme, clerk of the Woodmen of the World, is in receipt of a circular letter from J. Root, the sovereign commander at Omaha, Neb., asking as a personal favor the name and address of every person by the name of Root that he knows of or can find in the city directory. He contemplates getting up a record of the Root family, including Ellihu, of course, and wishes to get in communication with every Root whose address can be obtained.

J. H. Kennedy died at the Ladies' home today at the age of about 60 years. For many years he had been employed by the bridge and building department of the Santa Fe railway company, but of late years he had not been permanently occupied. He leaves a family, from whom he was separated. He was a man who said little, but thought much, often musing aloud his troubles to himself. But it is now all over, and may it be well with the old man who perhaps was not faultless in the world, as few are.

ALL CASES AGAINST

TALLMADGE DROPPED

A special dispatch to the Denver Republican, from Portales, N. M., dated July 20, says:

Cases Nos. 4 and 5, charging perjury against B. H. Tallmadge, and cases Nos. 6 and 7, charging subornation of perjury, were dismissed today by the United States court, and this cleared the defendant of all charges against him in connection with alleged fraudulent land entries. In the alleged perjury cases the dismissals were on the ground that the facts alleged by the government to have been falsely sworn to by the defendant were not required by law to have been sworn to at all, not being material matters required by the statutes or the regulations of the land office.

The commissioner held that in subordination cases the rule of practice required that prosecutions of persons shown, they being principals and the suborners an accessory, the rule of common law practice being applicable in United States cases unless otherwise modified by statute.

A mass meeting of the citizens was called this afternoon and was held in the court house and every business house in the town closed. This usual procedure was in the nature of a general rejoicing over the acquittal. Resolutions were adopted inviting the Tallmadges to bring home-seekers to Roosevelt county. The defendant left this afternoon for Chicago.

PLENTY OF PROOF.

From People You Know—From Albuquerque Citizens.

The greatest skeptic can hardly fail to be convinced in the face of evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Albuquerque of people who can be seen at any time.

Read the following case of it:

J. A. Skinner, dealer in staple and fancy groceries, 116 West Gold avenue, says: "When a man finds from observation and experience that an article extensively advertised does not do as it promises it is his duty to present his fellow man squandered money, probably hard earned wealth in its purchase. It is just as much the duty of a citizen to tell his friends and acquaintances about articles upon which they can absolutely depend. Some time ago there came to my notice a case of a child whose control over the kidney secretions was limited. The parents procured for it Doan's Kidney Pills at the Alvarado pharmacy, and the treatment, according to directions for children, was commenced. In addition to the limited control there was considerable backache, the complications fully prove that in some way the kidneys were either weakened or over excited. The treatment of Doan's Kidney Pills so strengthened, washed and purified the kidneys that the annoyance ceased."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Notice to the Public.

LEGAL NOTICE.

Last will and testament of B. H. Thomas, deceased. To William M. Thomas, executor and devisee; Mary H. Thomas, Mrs. Bertha M. Appel, Ellen E. and Margaret Thomas, devisees and to all whom it may concern:

You are hereby notified that the alleged last will and testament of B. H. Thomas, late of the county of Bernalillo and territory of New Mexico, deceased, has been proved and read in the probate court of the county of Bernalillo, territory of New Mexico, on the 20th day of May, 1905, and the day of the proving of said alleged last will and testament was thereupon fixed for Monday, the 7th day of August, A. D. 1905, at said court, at 10 o'clock in the forenoon of said day.

Given under my hand and the seal of this court, this 20th day of May, A. D. 1905.

J. A. SUMMERS, Probate Clerk.

HOLDS MARTIN RELIEF LAW

UNCONSTITUTIONAL, BASED UPON THREE LEGAL POINTS—OPINION RENDERED BY JUDGE McFIE.

On the fourth day of February last, the thirty-sixth legislative assembly passed a bill, commonly known as the Martin Relief bill, which was duly approved by the governor and became law. Under the provisions of this act a casual deficit bond to the amount of \$50,000, the proceeds of which were to be applied to the relief of citizens whose property had been greatly injured and whose ditches and reservoirs had been destroyed by the floods in September and October of 1904, in thirteen counties of the territory.

On the 30th of March, before the territorial treasurer could dispose of these bonds and before the machinery for the distribution of the funds, to be obtained, could be set in motion, Thomas B. Catron, of Santa Fe, as a citizen and taxpayer, filed a petition in the First Judicial district court, praying that the territorial auditor and his operation to the carrying out to effect the provisions of the said statute and also that the said injunction be made peremptory. In due course of time Judge John R. McFie before whom the case was pending, gave a hearing during which arguments by counsel were made and the authorities, pro and con cited, and after deliberation and consideration, the judge decided the case, granting the petition and making the order that the peremptory injunction issue.

Syllabus of Opinion.

The opinion in the case was filed Saturday with the clerk of the district court in Santa Fe.

The following is a syllabus of the opinion as given by Judge McFie:

First—The act of February 4th, 1905, known as the Flood Sufferers' Relief law, passed by the last legislature and which increases the territorial debt to the extent of fifty thousand dollars, is void because it is in violation of the third section of the act of congress known as the "Springer Act."

Second—Taxation, authorized by the act of February 4th, 1905, upon all the taxable property of the territory to purchase seed grain and supplies for farmers temporarily embarrassed in thirteen counties only, is unauthorized and void, the same being for a private and not for a public purpose.

Third—The act of February 4th, 1905, is special and local legislation, because of the arbitrary limitation of its operation to a single year and to only thirteen out of twenty-five counties of the territory, and is therefore prohibited by the first section of the "Springer Act."
